Condiment Twister

Each team get a condiment twister board. When a player hits the ground or falls, they are finished, they need to stand around there board and cheer on there team mates. Team with the last person on the board wins. The Leader just calls out random things for the teens to do. exe. (red right foot, blue left hand, yellow, green right hand....) if people are not getting eliminated, call out exe. (red left ear...) or something like that to make it harder. One or more hand or feet may be used on same circle.

Tug of War

Tug of War (need I give any further explanation?) Make the teams do different things, exe (use only your left hand, use only right hand, hold it under your arm..).

Slip N' Slide

Alternate teams one at a time down Slip N' Slide. Team that goes the farthest wins. Also stile and creativity could also go towards wining if there is a tie.

Relay Race

First part of Race uses two people. One to sit in chair and another to put shaving cream and cheese balls on head of person in chair. Once they have gotten all cheese balls on head the person in the chair tags the next person in the relay race. The second stage is one person in a chair and another person feeding them pudding with a spoon. There feeder is feeding them from behind so it is hard for them to see there mouth. Once all the pudding is gone the person gets out of Chair and tags the next part of the race. The rest of the team members are in a line and the first person take a bar of soap out of bucket and passes it done to the other members. Each member must pass the soap. Team that put that last bar of Soap in bucket wins.
